WHY US&S

A Single-Source Solution to Every Facility Challenge

US&S is a proven leader in providing facility maintenance and support services to clients throughout the Southeast. Whether it is the one and only project your organization will ever need or if you have more complex long-term facility maintenance requirements, we are here to serve you. We realize that we are in the business of providing a service and the art of service begins with listening and understanding your organization's particular objectives.

We are here to listen and are prepared to initiate, plan, execute and manage your non-core activities so your organization can focus on what it does best.

We focus on your facility, so you can focus on what you do best!

-  Operations & Maintenance
-  Janitorial Services
-  Repairs & Renovations
-  Grounds Maintenance
-  Professional Services

Relevant Customer Experience

A Reputation To Be Proud Of

US&S provides non-exempt staff augmentation services in order to supplement the work force at **Savannah River Nuclear Solutions, LLC (SRNS)** as requested in support of management and operations activities ranging from temporary to long-term placements. We are responsible for identifying, submitting and hiring qualified candidates along with the contractual and human resources requirements to sustain their positions with the site. There are a number of occupational qualifications associated with this contract, which change periodically based on SRNS mission critical needs, ranging from General Clerk/Administrative requirements to Sr. Lab Technician positions. Through targeted marketing/recruiting and key strategic subcontracting, US&S is able to provide SRNS with significant staffing support.

US&S has continued to expand its footprint across the Savannah River Site complex, providing a variety of other facility maintenance and support services – currently providing operations and maintenance services to nearly 300 SRNS buildings and provides warehousing and distribution solutions for the Material Access Centers on the Savannah River Remediation side of the site.
